

VBS 2019 - ROAR!!

We are *Roaring* to enjoy our VBS program and mission with all of you this year! Our program takes us on a Safari where Life is Wild, but God is Good! We want to go on a safari to the local schools with all of you!

A Safari needs specific supplies and going to school also requires to be prepared with supplies. There are many children in our local schools whose families cannot afford the supplies they need. So our mission this year is to help provide school supplies for these needy children in grade schools and junior high schools in our area through the Wheeling Township program called Ready 4 Success. The Township supports schools in Prospect Heights, Arlington Heights, Mount Prospect, Buffalo Grove, Wheeling and Palatine!

We chose to donate to these children in order for YOUR children to help other kids. When shopping for your own children's school supplies, bring them along to select items from our list to bring to VBS for children in need. We want our VBS kids to know that God is good and teach them that God wants us to share what we have and provide for those in need as well as care for ourselves.

Every day, the children can bring in their donations and put them in the School House in the church lobby. Every time they make a donation, they can add a 'leaf' to the school tree. We hope to provide much shade from our tree from all of the supplies donated by your children and you.

Thank you for sharing in our 'Safari' mission to demonstrate how good our God is!

Carol Nusko & Sue Perek
Mission Coordinators
